RUFUS KING & CO.

NEWS OF THE MORNING.

Our telegraph despatches give us some interesting items of news, among them the destruction of the Capitol at Montpelier, Vt., by fire, and the organization of several legislatures.

We publish to-day, a table giving the dates of departures of the U. S. lines from both sides of the ocean for 1857. It will be well to cut it out and preserve it for reference.

The friends of Kansas will find a circular informing them of a great want of the settlers.

We give the proceedings of a railroad meeting at New London, Waupaca Co., which is a movement of great importance to our city, as well as to the country immediately interested.

INEQUALITY OF REPRESENTATION.—We naturally feel aggrieved at the fact that the great and growing States of the Northwest are now so inadequately represented in Congress and in the Electoral College, but the feeling is aggravated when we consider that we must elect Congressmen twice more, and vote for President in 1860, under the present apportionment. Such is the fact, since the next apportionment will not be made till the winter of 1861, the census being taken in the summer of 1860. Our State will then have a population of more than a million, yet have but 3 representatives still, and 5 electoral votes.

Sales of Swamp Lands.

The School Land Commissioners give official notice that the Swamp Lands will be offered for sale in the following counties, at the times and places specified:

In the county of Green, at the Court House, in Monroe, on Monday, March 9th, 1857.

In the county of Rock, at the Court House, in Janesville, on Tuesday, March 10th, 1857.

In the county of Walworth, at the Court House, in Elkhorn, on Wednesday, March 11th, 1857.

In the county of Racine, at the Court House, in Racine, on Thursday, March 12th, 1857.

In the county of Kenosha, at the Court House in Kenosha, on Friday, March 13, 1857.

In the county of Washington, at the Court House, in West Bend, on Monday, March 16, 1857.

In the county of Ozaukee, at the Court House, in Ozaukee, on Tuesday, March 17, 1857.

In the county of Jefferson, at the American House, in Watertown, on Thursday, March 19, 1857.

In the county of Waukesha, at the Court House, in Waukesha, on Saturday, March 27, 1857.

In the county of Dodge, at Fox Lake, at the office of Dr. S. Judd, on Thursday, March 24th, 1857.

Persons claiming pre-emption rights may prove them and pay for the lands at $1,25 per acre, the proof to be made to the Secretary of State, up to within ten days of the sale. The minimum price at which the lands are to be offered at auction is $5,00 per acre.

BANKS IN THE INTERIOR.—We give below the principal items in the statements of three of the banks in the interior of the State:

State Bank (Madison), S. Marshall, Pres't, J. Alden Ellis, Cashier, shows loans and discounts $117,949,10, stocks deposited $50,000, specie $29,944 48, bills of solvent banks $36,068; due from banks, &c., $61,879—total resources $299,214 42; capital $50,000, circulation $49,871, deposits $175,297.

The Dane Co. Bank (Madison), N. B. Van Slyke Pres't, T. Brown Cashier, shows loans and discounts $98,235, stocks deposited $50,000, specie $31,284, bills of solvent banks $21,088, due from banks &c., $16,801, total resources $228,667; capital $50,000, circulation $50,000, deposits $116,667.

The Central Bank of Wisconsin, (Janesville,) O. W. Norton Pres't, J. D. Rexford Cashier, shows loans and discounts to the amount of $104,777. This bank is about to increase its capital to $100,000. It has just declared a semi-annual dividend of 12 per cent.

SHAMELESS FALSEHOODS.—We find the following paragraphs in the last number of the Beaver Dam *Sentinel*:

The Republicans declared throughout the nation that the Democracy desired to renew the Slave Trade, in all its horrors; and in case Mr. Buchanan was elected, this would be done.—Consequently, the Republicans in the House of Representatives *thought to introduce a Bill to that effect.* * * * *

Another act that exhibits the beauty of Black Republicanism, is their union with the Know Nothings in a Bill to repeal the naturalization laws, and requiring a residence of 21 years before foreigners can obtain any political rights.—*In taking a vote on the repeal*, twenty-six Fillmore men voted for it, and *sixty-three Fremont Republicans.*

The above paragraphs each contain a palpable falsehood, and we do not believe there are ten readers of the paper which published them, who know *anything*, who do not know them to be false.

A COOL PARAGRAPH.—The Richmond, Va., *Enquirer*, of a late date, opens an article with the following cool sentences:

OUR REMEDY HAS SUCCEEDED.—Our rallying cry will be disunion! Disunion whenever we are threatened with such a fate. *The danger for the present is passed. Our remedy has succeeded.—We will preserve and cherish the remedy to be used whenever similar dangers occur.*

That cry of "wolf" did not frighten as many people as usual, by some hundreds of thousands, in the late campaign, and will frighten nobody in the next one.

PINE RIVER VALLEY BANK.—The Richland County *Observer* says that an organization for a bank of this name was effected at Richland Centre on the 16th. The officers are Israel Janney, President; D. Badger, Cashier; Caleb Waggoner, J. J. Shoemaker, L. D. Gage, Jacob Brimer, W. H. Downs, Jas. H. Miner, A. J. Straight, Directors.

DEFINITE.—A "special dispatch" to one of the New York papers, from Washington, reads as follows:

"Mr. Buchanan may be here about the 15th of January, or he may postpone the time of coming to a fortnight after. Both contingencies are provided on his recent declarations, and either event may happen according to the development of circumstances."

A PROSPEROUS CHURCH.—The Second Presbyterian church in Chicago has, besides supporting its pastor, made various contributions to benevolent purposes during the past year, to the amount of $16,289.

☞ An English paper suggests that the name of the Arctic vessel Resolute, should, in acknowledgment of her restoration to England by the United States, be changed to Anglo-American.

☞ It appears by the canvass of the Iowa election that Fremont beat Buchanan in Buchanan county, while Buchanan beat Fremont in Fremont county.

Ripon and Wolf River Railroad.

OFFICE OF "NEW LONDON TIMES,"
New London, Wis., Jan. 3, '57.

EDITORS SENTINEL:—The following Railroad meeting took place in our village after we went to press, on Friday last, the 2d inst:

Railroad Meeting in New London.

The citizens of New London, interested in the construction of a railroad from Ripon to this village, held an enthusiastic meeting on the 2d inst., which was largely attended.

The meeting was called to order by the appointment of A. DOUGHERTY, Esq., as Chairman, and R. PERRY, Esq., Secretary.

After discussion, Messrs. JAMES LINDSAY, S. L. TUCKER and H. KETCHUM, were appointed to proceed to Winneconne, and confer with a meeting which was held at that place on the 2d inst., in reference to building a Railroad from Ripon to that place.

After the appointment of the above named gentlemen, the meeting was ably addressed by Mr. RALPH SMITH, of Appleton, who set forth the advantages to be derived from the construction of such a road; after which the following preamble and resolutions were unanimously adopted:

Whereas, It is highly expedient in this age of progress and railroad enterprise, that all the resources of the State should be developed—especially its prominent points. Our vast pineries are beginning to attract the attention of capitalists, and as an access to them is of vital importance, we deem the construction of a railroad to this point indispensable. As a State, we are but in our infancy, so far as railroads are concerned, and it is our duty to construct those which deserve prominence, and appear to be the most feasible. Therefore,

Resolved, That the people of New London have the utmost confidence in the ability and sagacity of the railroad companies which contracted the construction of the railroad from Milwaukee via Horicon and Ripon, and propose to locate their line from the latter place to New London by way of Omro and Winneconne.

Resolved, That the practicability of constructing a railroad from Ripon to New London, is a feasible project, and one in which every man who has the future welfare of this portion of the State at heart, must become deeply interested. The time has arrived when the various interests of New London and vicinity look upon this enterprise as one which must necessarily lend its influence in the further development of the advantages and resources of this section of the state—being at the most important point of the Wolf river Pineries—opening new channels for the advancement of civilization, trade and commerce, and one that would not only enhance the general welfare and prosperity of this portion of the state, but that through which it would extend.

Resolved, That in the opinion of the citizens of New London, after giving the subject due weight and consideration, the road *must* be built. Our geographical point is acknowledged to be one of more than ordinary interest, and such a road must be of immense importance.

Resolved, That the interests of Milwaukee, Ripon, Omro and Winneconne are identified with this place in the construction of this road, and that we will be ready to co-operate in every possible manner in securing this desideratum, and that the citizens of New London and vicinity may be expected to aid in its construction to the amount of $150,000.

Resolved, That the article in the New London *Times* of this day, (Jan 2d,) on the subject, is hereby heartily commended, and recommended to the consideration of the Railroad meeting to be held at Winneconne on the 3d inst.

The meeting then adjourned till Tuesday evening next, to hear the report of the Committee.

The following is the article from the *Times* above alluded to:

RIPON AND WOLF RIVER RAILROAD.

The official announcement that the Milwaukee & Horicon Railroad Company are going to extend that road to New London, from Ripon, to be known as the "Ripon and Wolf River Railroad," is a joyful indication of the important relation that this point is to have in the wealth of the southern portion of the State. We were not mistaken when, in the first number of the *Times* we predicted that "New London was not going to be without her railroads." It is as natural for a railroad to find its way to this section of the State, as it is for waters in our rivers to find a mouth. The section of country through which this road would pass is highly favorable for it. Its feasibility is apparent to those who have interested themselves in the matter. Running wood and lumber out of the pineries into broad prairies and opening, as this road would do, is a sensible idea, to say nothing of the Wolf River trade that would be diverted over this road to Milwaukee, and opening a country north of the Fox and Wolf, where produce, minerals and lumber is sought, and into which immense quantities of goods are to be sent, from the fact that this portion of the State is being rapidly developed. There are many miles of country along the Horicon railroad destitute of lumber which this road would supply, and which no other road can supply. The article, in fact, our lumber, could pass to the Illinois and Southern Wiscon in where lumber is much wanted. The road would also pass through a grand wheat country, which we shall allude to at some other time. The Wolf River trade is destined to seek its way to Milwaukee, over the "Ripon & Wolf River Railroad."

Milwaukee is interesting itself in this matter, and New London will promptly do her part towards building the road.

Fires in 1856.

The following from the *Journal of Commerce* affords a tolerably accurate idea of the extent of destruction of fires in the United States during the past year. All losses less than $10,000 are omitted, so that it is more than probable that the actual loss is not over-estimated in the aggregate:

No. of Fires.	Am't of Loss.	Do. in 1855
January, 39	$2,401,000	$1,825,000
February, 35	1,269,000	940,000
March, 53	1,041,000	1,503,000
April, 38	987,000	1,320,000
May, 35	1,757,000	1,266,000
June, 38	1,291,000	1,261,000
July, 35	2,655,000	1,700,000
August, 18	617,000	694,000
September, 27	1,366 000	480,000
October, 24	1,080,000	800,000
November, 22	2,443,000	815,000
December, 17	1,088,000	1,092,000
Total.	$17,998,000	$12,573,000

The excessive loss in July was occasioned by fires in California, which destroyed property to the value of $1,000,000 and the heavy loss in November resulted from a fire in Syracuse of about the same extent. These are among the largest fires of the year.

GOING OUT OF OFFICE.—The St. Louis *Democrat* bids farwell to Ex-Gov. Price, of that State, in the following complimentary terms:

This morning, the first of the New Year, we congratulate the people of Missouri, one and all, upon the official death of the worst governor we have ever had; the most corrupt, imbecile and unscrupulous magistrate that ever pressed any one of the thirty-one States of the American Republic.

* * * * *

Aiding and abetting border ruffianism, sending the trophies of Missouri valor to slay American citizens in Kansas; trying to crush the railroad system of the State; letting loose remorseless criminals upon society; uttering notorious falsehoods against a portion of our citizens; are the prominent points of his gubernatorial term.

DEAD LETTERS.—The Washington correspondent of the Baltimore *Sun*, under date of Dec. 31, says:

During the quarter which closes to-day, the openers of dead letters in the General Post Office found 1,900 which contained money. The aggregate amount is $11,275. Through the vigilance of the Department seven-eighths of this money has already been restored to its proper owners.

☞ The number of emigrants arrived at New York the past year exceeds considerably that of 1855. The whole number was 141,915, of whom 44,090 were from Ireland, 55,056 from Germany, and 23,891 from England.

GROWTH OF LA CROSSE.—The La Crosse *Republican* says:

Some four hundred and fifty houses have been erected, and real estate has advanced 50 per cent in value. Our population has nearly doubled, and a large majority of those who have chosen a home with us during the past year has been of an intelligent and energetic class, and many from the New England States. Their capital and ability have added much to the city's prosperity.—Large appropriations have been made for the cause of education, schools have been liberally sustained, and new churches built for the worship of Him from whom cometh all our blessings. The destruction of a single building has not occurred by accidental fire, or the touch of an incendiary unknown. We have seen projected Railroads soon to terminate in our city rapidly progressing, and everything associated with our individual or public prosperity realized beyond our most sanguine expectations.

Border Ruffianism in Illinois.

The Chicago *Tribune* brings the following particulars of the performance in the Illinois Assembly on the 5th, briefly noticed by telegraph yesterday:

SPRINGFIELD, Monday, 12 o'clock, M.
January 5, 1857.

The House organized temporarily this morning about 11 o'clock by a scene of border ruffianism. Mr. Bridges, the Clerk of the last House, went into the Hall and attempted to call the House to order, as was clearly his right and as is the custom of Congress and of all the States. The opposition were then in force and by concert with their two members from the contested districts, they put Dougherty, of Union, in the Chair, elected John McConnell, of Morgan, temporary Clerk, and appointed a Door keeper.

Mr. Bridges, still insisting that the rights of his office were encroached upon by this action, proceeded to call the roll of members. He was interrupted by a motion to expel him by force, which was put up and carried, in spite of the efforts of the Republicans, led by Mr. Arnold, of Cook, to obtain a hearing. Mr. Greathouse seized upon the Clerk, and assisted by half a dozen confederates, thrust him out of the Hall. After which the body, now fairly in the control of the rioters, went on to other business. At this writing (12 M.) the roll is being called, and the prospect is that the permanent organization will soon be completed by the election of the Border Ruffian complete caucus ticket.

This outrage—for it is nothing else—is a bud opening of the business of the session; and it will add nothing to the good temper of the members of the lower house are not here, nor are the contestants from Peoria and McDonough.

The Swiss Question in Europe.

The Swiss question still excites the European public. What the temper or the purport of the Prussian note of the 5th ult., is not known.—Another note announces the active co-operation of the States of Germany. Prussia is preparing an army corps of thirty-two thousand men, which is to march upon the Swiss frontier.

Switzerland is prepared to meet Prussia. The Presidents of Berne and Theregan are uncompromising. Col. Turk declared in the former that Switzerland would sacrifice all her grown up men rather than yield. In the latter, Kappeln said:

"The hour of trial will soon be here. But we know that the national honor and independence are in the hands of an authority which merits our full and entire confidence. We can reckon on the Federal Government as they can reckon on us. Do not let us be afraid, but neither let us neglect to be watchful. May our country when the moment arrives, and her sons, without distinction of party, be ready to make the greatest sacrifices in her welfare without blusters."

The London *Times* counsels Prussia to give way, and says:

If Prussia, Switzerland, and France will refer to any American authority, they will be informed that we have made a rule to give up everything in that part of the world, when it was only a name on our side but a substance on the side of the United States. Yes, we say it emphatically, we have during the last twenty years, given up a dozen Neufchatel-sovereignties or protectorates to the republicans of the New World. We shun the responsibility of disturbing the peace of the world for an empty title.—May not Prussia do the same?

The Paris correspondent of the *Times* is extremely severe in his critique on the Swiss note in the *Monitenr*, and addresses several striking arguments, showing the weakness and inconsistency of the position taken both by France and Prussia. The *Siecle* is the only one of the Paris journals which at present disapproves of the note on the Neufchatel question.

The *Assemblee National* and the *Gazette de France* award it the warmest praise. The *Presse* regrets that the question should have been raised at the moment of the convocation of the Conference, and regards the note simply as a declaration of neutrality, conceived in severe terms for Switzerland, and conciliatory terms for Prussia. France withdraws from the arena and leaves Prussia and Switzerland in the presence of each other; but it observes that Prussia must have regretted the sanction she gave to the exduction of the republic of Cracow, in spite of the protests of France and England; and as Prussia herself has not respected treaties, it is Prussia herself has not respected treaties, it is with a bad grace she now attempts to fasten them on Switzerland.

NORTH-WEST SENATE DISTRICT.—The papers that claim the election of Mr. Wilson in the 28th District, put him down as a Republican. We are inclined to think this is a mistake. Mr. Wilson was the independents candidate, Humphrey, Republican, and P. McNally the Democratic candidate. Mr. Wilson has always been a Democrat, and may doubtless be classed if elected, as an "ind. dem."—*Madison Argus.*

You will find out, Mr. *Argus*, what kind of a "Democrat" William Wilson is, to your discomfiture. He is a Republican of the anti-slavery sort; though not having been an active politician of any kind, his position abroad is so little known that some have presumed to misrepresent him with impunity. The game of calling him a "Democrat," and "Barstow Democrat" was played out before the election, by the friends of McNally and Humphrey, but it didn't win, it seems. "Mr. Wilson always has been a Democrat," says the *Argus*; at fault again, for "Mr. Wilson has always been" an old line Whig till the Whig and Democratic parties died, and the anti-slavery and pro-slavery parties took their places, and he now "stands fair and square on the platform of freedom."

SLAVES AND FREE UNDER THE LAW OF THE NETHERLANDS.—We need not go to America to learn the horrors of slavery. We have a work before us written by a member of the Dutch Legislature, which in a few months, passed into its third edition—no insignificant evidence of the interest excited by the book, since the reading public of the Netherlands is necessarily extremely limited. The title of the book is: Slaven en Vrijen onder de Nederlandsche Vlag, uitgeven door Dr. S. Wevan Hoevel. Lait Bommel, 1855. Dr. W. Hoevel was formerly a clergyman; subsequently he took to politics, and as a reformer of governmental abuses, he visited the Dutch colony, of Surinam, to discover by personal experience, how the slaves belonging to the Dutch settlers in that colony were treated.—The work is the result of that self imposed mission. From it we learn that the law of Netherlands lends its sanction to a state of things fearfully blackening to the character of the legislature. Under its power nearly forty thousand slaves live, while crying unto death to take them." We read in these volumes histories of a slave life in Surinam, in some cases even more revolting than any described in the pages of Uncle Tom's Cabin or of Dred. The Dutch language is so little known or cultivated beyond the frontiers of Holland, that the social and political policy of the country too often escapes the attention and scrutiny of the world.—*The International.*

INTENSE COLD IN VIRGINIA.—The James River is frozen at City Point, so as to prevent the ingress to and egress from that port. The steamer Roanoke, which should have sailed yesterday for New York, is ice bound at the "Point." The Appomattox is frozen up to Port Walthall, and between that place and Petersburg, there are always openings of water and closings of ice, which of course makes the river, to all business purposes, closed. Cold, so intense, has no precedent in this region, for many years past, at this early period of winter.—*Petersburg Intelligencer, of Jan. 1st.*

FIRE IN WEYAUWEGA.—We learn from a gentleman who witnessed the conflagration, that a fire occurred in Weyauwega, on Saturday last, the 3d inst., which destroyed the building occupied by the *Weyauwegian* printing office, and Post Office; and the boot and shoe store of James Mather; also, the grocery store of H. Mink, and an adjoining vacant building. There was an insurance on the Printing Office. The fire originated in the boot and shoe store. The contents of the buildings were saved.—*Oshkosh Courier.*

☞ In the Newport (Ky.) council, on Thursday last, the Jail Committee reported that they had discharged all the prisoners in the Jail, four or five, in consequence of the city not having money enough to buy fuel to keep them warm.

Important Post Office Circular.

Farm and Garden Seeds for Kansas.

The undersigned would call the attention of Farmers and others who desire to relieve the suffering inhabitants of Kansas, to the necessity of supplying them with all kinds of seeds and plants, in order that they may sow and plant and raise a crop the coming season.

Those who can furnish spring wheat, rye and barley, seed oats and good seed corn, beans and all kinds of vegetable seeds, potatoes, &c, are requested to put them in strong sacks of barrels and forward them directed to W. F. M. Arny, Lawrence, Kansas, care of Simons & Leadbeater, St. Louis, Mo. We have appointed Parker Earle, Esq., agent to solicit donations in our State to supply this importance want, and he will call upon our citizens for aid in money, and seeds. We hope that liberal contributions will be made for this valuable purpose, and those who have heretofore made subscriptions in aid of Kansas which remain unpaid, are requested to pay the same to Mr. Earle, our agent.

In behalf of the Illinois State Kansas Finance Committee.

W. F. M. ARNY, Sec'y.

Lawyer's Fees.

We believe the members of the legal profession are not over scrupulous or conscientious—and we intend no reflection by the remark—in the matter of accepting fees for legal advice and counsel. The amount handed over by clients, like that paid by matrimonial noviciates to the clergyman who joins two agitated aspirants for connubial felicity, is graduated as much by the standing or ability of the legal recipient, and of the counsellor, as by the nature and importance of the opinion given. It is said that the late Jeremiah Mason, upon being once called upon in his younger days for advice upon some point, adjusted himself in his chair, and took no other notice of the application, than to give his visitor a most unconscionable and incredulous stare at the client took the hint, and immediately pulling out some bills, handed the distinguished lawyer a fifty dollar note. As he was proceeding to pocket his wallet again, Mr. M. interrupted him. Said he—"I think, Mr. ——, I saw several more of these fifties in that convenient receptacle—suppose you take out another, while you are about it?" another fifty was handed to him. "Now," said the client, "what is your opinion of this case?" "My opinion is, Mr. ——" said the counsel very good naturedly, as he folded up his bills, "my opinion is decidedly *that you have no case at all!*"

We know of a distinguished lawyer in New Hampshire, who was consulted by a person who had got himself into unexpected trouble, by having disposed of a number of railroad shares at par, when they had depreciated about fifty per cent—the seller representing them at par, and thus deceiving the purchaser. Being threatened with a prosecution, the seller went to consult his lawyer, who told him he would examine the matter and give him an opinion the next day. He was punctual to the time. "Well, sir," said the client, "what do you think of the case?" "Think!" replied the lawyer, "why, I think you are a d—— scoundrel, that's what I think." "What's to pay?" asked the client. "Three dollars sir!" was the answer. Handing out a bill, the client walked slowly to the door—but run the moment he was in the street.—*Exchange.*

COAL OILS.—The New York *Journal of Commerce*, in an article upon this subject, has the following notice of the works at Cloverport, Ky. These works are under the most excellent management, and are destined to constitute a very important item in the sum of Western prosperity:

"At Cloverport, Kentucky, on the Ohio River, are extensive new works, running twelve retorts night and day, consuming from eight to ten tons of coal every twenty-four hours, and producing 750 gallons of crude oil. Re-distilled, this quantity gives 600 gallons of refined oils, viz:—125 gallons of benzole, 75 of naphta, 225 of lubricating oil, and 173 of oil for illuminating purposes.

Benzole readily sells at $1,50 per gallon; lubricating at $1,25; naptha and burning at 80 cents.

Preparations are making at Cloverport for the manufacture of a beautiful semi-transparent candle from the substance called "parafine," resembling spermaceti, and which is formed in pearly crystals in the dark oils of the last distillations after they have cooled. The parafine, as remarked by Silliman, Jr., does not exist ready formed in the original crude product, but is the result of the high temperature employed in the process of distillation, by which the elements are newly arranged. It derives its name from the unalterable nature of the substance, under the most powerful chemical agents.

The residuum from the last distillation makes the first quality of asphaltum, used for smearing vaults, &c., now imported and sold at $80 per ton. The company above mentioned will add eighteen more retorts on the first of November next, increasing the capacity of the works about two-thirds.

MENASHA LAND OFFICE.—The last Neenah *Conservator* states that the Menasha Land Office has been closed, and an impression to that effect has gone abroad. This statement, we are happy to say, is incorrect, as no such order has been made, and will not likely be for years yet. The mistake of the *Conservator* occurred, no doubt, from the fact that no further pre-emptions or entries are allowed on the tract of land reserved to this State for Railroad purposes, which comes within range of that office, viz:—from the base line of township 14, including ranges of 18 to 20. *All* the other lands in the Menasha District—and there are tens of thousands of choice acres yet unsold, both pine and farming—are subject to sale by pre-emption and private entry. Judge Bryan, the Register of the Land Office and his clerks are, as usual, accommodating, and every facility is afforded by them to those who wish to purchase any of Uncle Sam's domain.—*Oshkosh Courier.*

EXPLOSION OF A LADY.—M. Bragelone tells a story of a young English lady who had just arrived in Paris, and who had the pretension to believe that she knew how to speak French and to dress in the French mode. She bought one of these air-crinolines, ordered it home and put it on; for the first time; for a soiree. But the cloth, it appears, was defective; for the first time she sat down, after her arrival at the party, a formidable noise startled the people present, and the lady sprang to her feet, flat as a balloon collapsed. Like a true Briton, she did not lose her presence of mind, and added tranquilly, "Oh! that is nothing; nothing at all—it is only my *mecanique* that is deranged!"

SERIOUS LOSS.—We regret to learn that Col. GRAHAM, U. S. A., recently met with a serious loss in this city. It appears that Col. G. went to the U. S. Receiver's office in a livery carriage and drew $2000 in gold of the Harbor Fund. Upon reaching his residence the Col. left in the carriage the money, and the vehicle was driven away. As soon as the loss was ascertained, diligent search was made for the missing gold but all efforts to recover it proved abortive.—*Chicago Tribune.*

THE SUPREME COURT.—The Supreme Court did not meet yesterday. Chief Justice Whiton arrived in the cars last night, the train being some ten hours behind. Judge Cole was already here. Judge Smith had not arrived at noon today. The Chief Justice was confined to his rooms to-day, by indisposition, and the Court, accordingly, has not met.—*Madison Journal.*

☞ The children's subscriptions towards paying for the beautiful missionary brig, "The Morning Star," have reached the sum of nearly or quite $23,000. The vessel cost but $13,000.

☞ The Buffalo papers are discussing a question of propriety, raised by the new Chime of St. Paul's Church, which astonished the neighborhood, the other afternoon, by ringing out "Pop goes the Weasel."

Canadian Trade.

The trade opening last Spring under discouraging prospects, but freights rose to 50s before the close of navigation, and at that high figure a sufficient number of vessels could not be had to supply the wants of the trade.

The number of vessels which arrived at Quebec, from sea, during the season just closed, was 907—aggregate tonnage, 471,444 tons against 677 vessels and 346,449 tons last year—being an increase in favor of this year of 230 vessels, 124,995 tons.

860 of the arrivals this year, loaded here with timber, together with 42 new ships that were built here during last Winter and the beginning of the past summer—forming altogether 902 vessels and 438,834 tons.

Besides the 42 new ships above mentioned, there were built in and about Quebec, during the year ending the 1st ult., 38 schooners and 2 steamers, aggregate tonnage 2,317 tons.

There are 35 ships now building in and about Quebec—the aggregate tonnage 25,700.

Among the arrivals this year, were the following foreign vessels:—38 Norwegian, aggregate tonnage, 17,730 tons; 15 United States, 3,596 tons; 8 German, 3,015 tons; 6 Prussian, 2,038 tons. The total, from all countries, is 74 vessels, 33,324 tons.

Lists of arrivals at Quebec, from sea, from 1851 to 1856 inexclusive, with the amount of tonnage and the average of the vessels each year:—

	Vessels.	Tons.	Average Ton'ge
1851	1185	505,034	426
1852	1055	454,102	430
1853	1188	532,617	448
1854	1315	580,223	441

DIVIDENDS AND INTEREST PAYMENTS IN NEW YORK.—The New York *Tribune* of the 8d says:

Most of the banking offices were actively employed today in the payment of coupons, &c. The largest amount was by the Ohio Trust Company, which checked for $4,200,000, including about $1,100,000 of the Ohio Loan of $2,100,000 due to-day. Messrs. Winslow, Lanier & Co., paid out $600,000, the Sub-Treasury about $420,000, and Messrs. Duncan, Sherman & Co., Clark, Dodge & Co., &c., large sums. The various corporations have met their liabilities with great promptness, and we hear of no new defaults excepting in the case of two Western Counties, which, however, is ascribed to the detention of the mail. The money will doubtless be at hand in a day or two.

Messrs. Duncan, Sherman & Co. gave notice that they would pay the coupons on Milwaukee City Bonds for Harbor Improvements.

Messrs. Atwood & Co., No. 8 Wall street, paid the interest on the Bonds of La Crosse and Milwaukee Railroad Company, and on those of the Milwaukee and Watertown Railroad Company.

The Lake Shore Railroad Company, of Green Bay, Milwaukee and Chicago Company, paid at their office, No. 62 Wall street, the interest coupons of the Milwaukee City Bonds issued to them.

Liver Complaint and Dyspepsia.

PHILADELPHIA, Jan. 16, 1858.

DR. C. M. JACKSON—Dear Sir—I have used your Hoofland German Bitters in my family for the past four years, for Liver diseases and Dyspepsia, and am pleased to acknowledge that we have received the greatest benefit from its use. I have recommended it to a great many afflicted with similar diseases; with the same good result.

I have no hesitation in saying that it was an invaluable medicine, and hope you will be able to introduce it into every family in the Union. Yours, Truly,

POLICE COURT, JANUARY 7.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Henry Fownecer, drunk and disorderly, and for indecently exposing his person, was fined $5 and costs; in default he was sent to jail for 10 days.

Henry Nahel, charged with assault and battery, case dismissed on payment of costs.

John Neiman, charged with violating bridge ordinance, case pending.

The three men charged with stealing timber from the land of Mr. Haertel, were discharged after an examination; the complainan: being desirous simply to put a stop to the practice of cutting his timber, rather than to press a holding for trial of the accused.

CIRCUIT COURT—Jan 7.

HON. A. W. RANDALL, PRESIDING.

In the forenoon, Charles Gibney was tried for larceny in a dwelling house, and found guilty. Sentence was suspended on application of the prisoner's counsel, to allow the filing of a motion for a new trial. We understand that one of the grounds upon which the consel base their application for a new trial is, that after the jury left the box to deliberate upon their verdict, one or more of them *conversed with persons not of the jury;* if such be the fact, Gibney will be entitled, as he should be, to a new trial.

THE THIRD WARD MURDER.—In the afternoon, the four men indicted for the murder in the Third Ward and as accessories thereto, were brought up from the jail and arraigned upon the indictment found against them. It charges Edward Dawson as principal, and Michael Higgins, Martin Morrissey and Edward Dailey as accessories to the murder of Margaret Higgins, upon the 27th of December last.

Dawson is a tall man, of spare build, pale blue eyes, long chestnut hair, and of a decidedly piratical appearance; looks more like an Italian or a Spaniard than an American, by birth. Martin Morris, or Morrissey, is a tall, powerfully built man, with "fiery" brown hair, light blue eyes, with nothing of that wicked look which characterized Dawson. Higgins is shorter than the other men, has light brown hair, red whiskers and blue eyes—he looked pale from confinement. Dailey is tall, well built, has very red hair and whiskers, his face much freckled, with a mirthful turn of countenance, in no way indicative of villainy or bloodshed—he has light blue eyes. It is the first time within our knowledge of four men being arraigned for murder, all of them having light blue eyes.

Each pleaded not guilty, and on being asked if they had counsel, said "No;" they were then directed to get ready for trial, and sent back to jail—to prepare for trial, in their vermin-filled cells, we suppose.

Such is the dish of legal rights served up for these four accused of the highest crime known to the law. They do not know who has accused them, who the witnesses were that swore against them in the Grand Jury room, what facts are charged against them, they have no counsel, they are dismissed to the cells of the jail and told to get ready for trial. Such are the legal rights which our progress these four men, when indicted for murder. Three of the men are Irishmen, and one of them, Dawson, an American, a native of Ohio. No day was fixed upon for the trial.

Andrew Quinlan was placed on trial upon a charge of assault with intent to kill a woman by stabbing her in the body with a sword.

The jury in the case of Quinlan returned a verdict of not guilty of assault with intent to kill, but guilty of a common assault.

HORTICULTURAL SOCIETY.—A few of the members of this Society, which have done so much to foster a taste for flowers in our city, and whose monthly exhibitions have always been pleasant gatherings, met on Monday afternoon, and elected the following officers for the ensuing year:

President—THOS HISLOP.
Vice Presidents—BENJ. MCVICKAR, I. A. LAPHAM.
Corresponding Secretary—OBAL HEAD.
Recording Secretary—R. N. MESSINGER.
Treasurer—D. FREDSDEN.
Executive Committee—H. SEAMS, F. GARNON, J. HILL.

We trust that with the opening of another spring, our citizens will awake to the importance of sustaining the Society with earnestness. No officer receives any pay for his services, but all give them for the good of the Society, in furtherance of its commendable objects. If it had received a tithe of the support it deserves, it would long before this time have laid by a sufficient fund for a Public Garden, as a delightful resort for the people.

STATE BANK OF WISCONSIN—DIRECTORS.—The following gentlemen were elected Directors of this Bank on the 6th inst.:

JOHN GINNISON, JAMES B. MARTIN,
E. B. DICKERMAN, ANSON ELDRED,
LESTER SEXTON, O. D. COOKE,
ELISHA ELDRED, ELIPHALET CRAMER,
CHARLES T. BRADLEY.

At a subsequent meeting of the Board, JOHN G. INGHAM was elected President, and ELISHA ELDRED Vice President, for the ensuing year.

BANK STATEMENT.—We publish to-day the semi-annual statement of that substantial old institution, the Wisconsin Marine and Fire Insurance Co. Bank, which makes a favorable exhibit as usual, under the good management of ALEX. MITCHELL, Pres't, and DAVID FERGUSON, as Cashier. Its deposite item shows the confidence of the community in its standing. This bank will shortly be removed to the commodious quarters prepared for it in the "ALBANY."

DR. BOYNTON'S LECTURE THIS EVENING.—The third of the lectures in the popular course on Geology, is to be delivered at Young's Hall *this evening*. The very large attendance at the Hall on each evening, increasing as the course advances, is a sufficient testimony to the interest which the Doctor succeeds in awakening and preserving in the subject. We are requested to state that a limited number of tickets to the remainder of the course—six lectures—may still be obtained at the book stores, at 25c each.

ENGINE CO. No. 6.—At an annual meeting of Engine Co. No. 6, held at their House, Monday evening, January 5th, the following officers were chosen for the ensuing year:

Foreman—THOMAS KERR.
First Assistant Foreman—B. S. QUIEN.
Second Assistant do.—DENNIS HEALY.
Secretary—JAMES GILLAN.
Treasurer—JOHN LARKIN.
Steward—CHAS. CONNAUGHTY.
Trustee—THOS. KERR, B. S. QUIEN.

COLD WEATHER.—Yesterday was, we think, the coldest day of the season; the mercury marking from 3 to 12 degrees below zero in different exposures at 8 A. M., and the air being very keen, though with a clear sunshine, throughout the day. The sleighing is magnificent, and people avail themselves of it freely, both in the way of business and pleasure.

KILBOURN CITY DEEDS.—See Brown & Ogden's notice that the deeds for lots purchased at the late sale are to be found at their office.

SHOOTING MATCH.—JACK BARNETT, the landlord of the Layton House, it will be seen, has prepared some sport for to-morrow.

ERIE CITY BANK.—An official notification of the suspension of this bank for 30 days will be found in our readers' advertising columns to-day.

FURNITURE.—CRAMPTON sells next Monday a house full of furniture. See advertisement.

GOOD REMEDIES.—Herrick's Sugar Coated Pills and Kid Strengthening Plasters have proved themselves a real blessing to the human race. The number of persons they have cured positively defies belief, while the immense amount of these articles annually sold, exceeds the sale of all remedies of a similar nature combined.—Have you ever been sick? If so, you know how anxious you were to get well. If you know of a friend languishing on a bed of anguish and misery, recommend Herrick's Pills and Plasters. In offering myself as a candidate for a share of public patronage, I would assure the citizens of Wisconsin that I am satisfied, from the unusual facilities I possess in purchasing goods, and a thorough knowledge of my business that I can offer them inducements in all and examine my stock and prices before purchasing elsewhere.

I have been unable to rent a store large enough for my business before next Spring. I have therefore temporarily located at

No. 200 East Water Street,

TWO DOORS SOUTH OF WISCONSIN STREET,

Until I can secure a suitable stand.

Merchants from the country, teachers, and all others buying wholesale or retail, are earnestly requested to examine my stock and prices.

WILLIAM STRICKLAND

To those curious in such matters, I would say, a plain statement of the facts connected with my expulsion from Mobile, detailing the circumstances, the action of the Vigilance Committee, and the way I escaped, can be found in Strickland's North-Western Almanac for 1857, which will be published in a few days, and distributed gratuitously.

IMPORTANT TO EVERYBODY.

FOR the last three years, I have been engaged in a business known only to myself, and, comparatively, few others, whom I have instructed for the sum of $200 each, which has averaged me at the rate of $3,000 to $8,000 per annum; and having made arrangements to go to New Orleans in Feb. of 1857 to engage in the same business, I am willing to give full instructions in the art to any person in the United States or Canadas, who will remit the sum of $1. I am induced from the success I have been favored with, and the many thankful acknowledgements I have received from those whom I have instructed and who are making from $5 to $10 per day and upwards, any person an opportunity to engage in this business, which is easy, pleasant, and, very profitable, at a small cost. There is positively No Humbug in the matter. References of the highest standing given as to my responsibility and character, and I can refer to persons whom I have instructed who will testify that they are making from $5 to $15 per day at the same. Address, in confidence, with stamp, (which will enable me to engage, and with perfect ease make a very handsome income. Several ladies in various parts of New York State, Pennsylvania, and Maryland, whom I have instructed, are now making from $5 to $6 per day at it. It is a GENERAL BUSINESS, and but a few shillings is required to start it. Upon receipt of $1, I will immediately send to the applicant a printed circular containing full instructions in the art which can be perfectly understood, at once.

All letters must be addressed, post paid, to A. T. FARSONS, 480 Broadway, New York.

HEALTHY BREAD!

MADE WITH

JAS. PYLE'S DIETETIC SALERATUS.

THIS article is deprived of the caustic impurities, so well known to exist in all common saleratus, thereby dealing destruction to thousands no aware of its injurious qualities. Its deficiency is in the constitution of children, that where they and the parents have been regular consumers of Saleratus Bread, there is but little chance for recovery from infantile or contagious diseases. In this way thousands meet with premature Death—the sad reality of which is forcibly demonstrated, in the mortality among children, in the New England and other States, where warm bread and cake is so generally consumed.

JAS. PYLE'S DIETETIC SALERATUS

Is of vast importance to the public, and is rapidly coming into use. Being deprived of all caustic impurities, it is quite as harmless as flour. In point of economy it excels having powerful raising properties, and is altogether superior to Baking Soda. No intelligent lady will dispute this assertion.

It is packed in pound packages, each bearing the name of James Pyle, without which it is a counterfeit. For sale by John Purdy & Co., O. A. Folsom, Chapin & Gregsale by John Purdy & Co., O. A.
